

Dr. Ronald Shelton Receives the RealSelf 100 Award for Online Commitment to Patients

New York City doctor receives honor for his dedication to education on RealSelf - the world's largest consumer source for cosmetic surgery information.

New York City, NY – April, 2013 – Nationally renowned Board Certified dermatologist Dr. Ronald Shelton has been named one of 100 doctors to be included in the [RealSelf](#) 100, out of more than 5,000 Board-Certified plastic surgeons, dermatologists and licensed cosmetic dentists. The award from RealSelf, the world's largest consumer source for cosmetic surgery information is granted to Ronald Shelton, MD for his commitment to ensuring millions of consumers make informed decisions about cosmetic procedures.

Dr. Shelton is a highly skilled, qualified and experienced dermatologist who performs a wide variety of cosmetic and general dermatological procedures. His practice is located in New York City and is named The New York Aesthetic Consultants, LLP. Located on East 66th Street, this dermatology office is a state of the art facility with a highly respected team of dermatologists and plastic surgeons. Some of the procedures and treatments offered by Dr. Shelton's practice include Botox®, fillers like Restylane, Radiesse and Sculptra®, non-invasive therapies like Ultherapy, Thermage, Pelleve for skin tightening and lifting, laser resurfacing using Fraxel laser and Portrait Plasma, laser treatment of facial redness using V-beam laser, and CoolSculpting for non-invasive fat reduction by freezing away the fat. He also does the highly successful skin cancer therapies like Mohs Surgery.

Through participation on [RealSelf](#), Dr. Shelton is helping prospective patients make confident decisions about cosmetic procedures they are researching. Dr. Shelton has been reviewed by more than 29 patients on RealSelf.com and maintains a strong score of 05 out of 05 stars. In addition, Dr. Shelton offers his professional expertise to the

RealSelf community, having answered more than 5116 questions for free since joining RealSelf in 2008.

“Our Top Doctors are at the forefront of change in terms of how patients and physicians interact,” commented RealSelf CEO Tom Seery. “The amount of expertise and time they dedicate to the RealSelf community is unbelievable and, as a result, they have patients walking into their office with a level of trust already established. We hear anecdote after anecdote about patients feeling like they know their doctor because of interactions that began on RealSelf.”
